Green Acres Hunt Club Services (Waylon & Dan Smolinski)

Opposing Osirus's Petition and Supporting Allband Communications
Cooperative

Comments:

Green Acres Hunt Club Services (Dan & Waylon Smolinski) opposes the Osirus petition and supports the comments of Allband in this proceeding because:

1. Allband was the first company to provide telecommunications services to my home/business.
2. The service provided by Allband is excellent, is provided at reasonable rate levels and allows me to have broadband access to the internet.
3. Allband had made plans to provide its services to other unserved areas in Michigan and will provide the same quality services in those areas.
4. Osirus did not care to provide services in these unserved areas until Allband began providing service.
5. Allband's Board of Directors and staff are first rate, reliable, easily accessible, and have been more than willing to assist with any problems or questions.

Thank you,
Waylon Smolinski
Green Acres Hunt Club Services
